Miss Irma Camp returned on Wednesday from her visit to Colorado.

Prof. A. F. Bechtold, of Mankato, is in the city on an inspection tour.

W. H. Oustine and Mrs. Tucker returned from their Michigan trip on Tuesday evening.

Miss Kittie Meekins, of East Brainerd, is spending several weeks with friends and relatives in Minneapolis.

Mrs. Scheneman and Mr. Byron Scheneman, of Chicago, are visiting with the families of Mr. Patok and H. I. Cohen.

Miss Clara Tennis, of Brainerd, and Miss Lizzie Tennis, of Owatonna, are stopping with St. Paul friends—St. Paul News.

W. H. Goudy and daughter, of Portland, Oregon, visited with Uncle Ed. White over Sunday. Mr. Goudy is a brother of Mrs. White.

Mrs. L. F. Leopold and Mrs. Henry Harp, of Chicago, mother and sister of George and A. F. Leopold, of this city, visited over Sunday in Brainerd.

Mr. and Mrs. George W. Martin and Mrs. Annie S. Martin, of 2018 Carroll street, Merriam Park, went to Brainerd Saturday, having taken a cottage among the pines for the summer.—St. Paul News.

Alec. Cameron has established a stage line between Brainerd and Lake View, which runs Wednesdays and Saturdays, leaving the Bank corner at 8:30 a. m. and 5 p. m., and on Sundays at 9 a. m. and 1 p. m.

James McNaughton, well-known in Brainerd where he lived for a number of years, has been appointed master mechanic of the Wisconsin Central Lines. He has been master mechanic for the Northern Pacific at Livingston for some time.

Alderman T. W. Crawford was a passenger on the train which was held up by train robbers near Mandan on Sunday last, and from his description we should judge there were some badly scared people on board. When the shooting took place Mr. Crawford raised a window and looked out, thinking it was a torpedo on the track, such as railroad men use. A bullet whistled close to his head, however, and he concluded that further investigation was unnecessary. A full account of the train robbery is given on the second page of this issue.

Manager Alexander has succeeded in getting the attraction "Evangeline" for Brainerd, and it is hoped that the entertainment will be well patronized. The prices are necessarily a trifle in advance of the usual scale, but those of our people who know anything about this beautiful burlesque extravaganza will understand that a company of sixty-two people cannot play to small prices. It is, indeed, a hard undertaking to induce companies of this magnitude to play towns of the size of Brainerd. If the entertainment will be well patronized others will follow, but if not, in all probability it will be the last company of this description that will be booked. People who attend are certain of witnessing a grand production, next Tuesday evening, June 17th.

Evangeline.

Of this famous burlesque, which will be produced at the Opera House Tuesday evening, June 17th, an exchange says:

Rice's beautiful Evangeline is in every way worthy, perhaps more worthy than any other. Fortesque is as funny as a barrel of powder. The principal characters are clever. A man by the name of Joel Amos was adjudged insane by the probate court on Monday and sent to St. Peter, Deputy Gunn accompanying him. The man is thirty years of age and for several years has worked in and about Brainerd. He was brought to town by Ami Gould, who found him wandering about the woods near his ranch, some thirty miles above the city, and it is said that he has lived during the past five or six months entirely on roots and what he could find, and sleeping at night on the ground in the open air. His condition is accounted for by the physicians as the result of a nameless disease.

W. H. Gundy and daughter, of Portland, Oregon, visited with Uncle Ed. White over Sunday. Mr. Gundy is a brother of Mrs. White.

Mrs. L. F. Leopold and Mrs. Henry Hart, of Chicago, mother and sister of George and A. F. Leopold, of this city, visited over Sunday in Brainerd.

Mr. and Mrs. George W. Martin and Mrs. Annie S. Martin, of 2018 Carroll street, Merriam Park, went to Brainerd Saturday, having taken a cottage among the pines for the summer.—St. Paul News.

Alec. Cameron has established a stage line between Brainerd and Lake View, leaving Brainerd on Wednesdays and Saturdays, leaving the Bank corner at 8:30 a. m. and 5 p. m., and on Sundays at 9 a. m. and 1 p. m.

James McNaughton, well-known in Brainerd where he lived for a number of years, has been appointed master mechanic of the Wisconsin Central Lines. He has been master mechanic for the Northern Pacific at Livingston for some time.

Alderman T. W. Crawford was a passenger on the train which was held-up by train robbers near Mandan on Sunday last, and from his description we should judge there was some badly scared people on board. When the shooting took place Mr. Crawford raised a window and looked out, thinking it was a torpedo on the track, such as railroad men use. A bullet whistled close to his head, however, and he concluded that further investigation was unnecessary. A full account of the train robbery is given on the second page of this issue.

Manager Alexander has succeeded in getting the attraction "Evangeline" for Brainerd, and it is hoped that the entertainment will be well patronized. The prices are necessarily a trifle in advance of the usual scale, but those of our people who know anything about this beautiful burlesque extravaganza will understand that a company of sixty-two people cannot play to small prices. It is, indeed, a hard undertaking to induce companies of this magnitude to play towns of the size of Brainerd. If the entertainment is well patronized others will follow, but if not, in all probability it will be the last company of this description that will be booked. People who attend are certain of witnessing a grand production, next Tuesday evening, June 17th.

New Time Card.

The numbers of the trains are changed, Nos. 7 and 8 being midnight trains (1:30 and 2:40 a. m.) between St. Paul and Jamestown, Nos. 9 and 10 between Brainerd and Duluth connecting at Brainerd with 7 and 8.

Evangeline.

Of this famous burlesque, which will be produced at the Opera House Tuesday evening, June 17th, an exchange says:

Rice's beautiful Evangeline is in every way worthy, perhaps more worthy presented this season. The principals are clever. Fortesque is a funny imitator and immensely funny as he was twenty years ago.

The silence and fun of the lone fisherman are as laughter-provoking as in the days before the vast crop of his imitators had sprouted, furnished and carried away. The chorus is considered concretely well-trained, considered individually, pleasing to the eye, the terpsichorean heifer even more gracefully than in the days when the mighty Dixey animated his rear limbs. The scenery is handsome. The costumes are exceedingly beautiful. The promise of the management, that this production of Evangeline should be equal to any of all that preceded it, is fulfilled to the letter. Of the spectacular feature of the performance the Amazon March is the most note-worthy. Its movements are graceful and new; its costumes are beautiful. Miss Wallace, the Evangeline of the performance, is a very pretty woman. Miss Bessie Tanner, who personates Gabriel, is a well qualified artist, with a good deal of the dash and spirit that makes males a successful quarry of burlesque. Of course the star of the whole performance is the lone fisherman. The part is the part of all rare things an original stage conception, and Jas. S. Maffit, who will do it, is the man who created it. Initiated in his business has been in every variety show in the country, ever since it was first produced, the idea itself remains inimitable, and people will laugh at the absurdity of an utterly incongruous character, having nothing to do with the action, unnoticed by the other characters, his presence quite unexplained, prevailing the whole play, appearing in every scene, and finally like a "God out of a machine" defeating the villain of the burlesque, and making the lovers happy with the same indifference to the whole business that characterized him. The all through it there is any one who has never seen "Evangeline" he should see it for the sake of that one character. It is food for philosophy.

Gun Club Tournament.

At a meeting of the Brainerd Gun Club on Monday evening it was decided to hold a tournament in this city on the 3rd and 4th of July, and a general committee of arrangements consisting of A. J. Frost, I. U. White, W. S. McClanahan, Geo. LaBar and Wm. Paine, Jr., was appointed. It is the intention to give a number of guaranteed purses on the second day, the first day being entirely given up to swiftest shooting. A circular will be issued in a few days giving a full and completed list of prizes, purses and all other information. In the meantime parties in adjoining towns who are lovers of trap-shooting can do no better than to make arrangements for spending the 3rd and 4th in Brainerd.

A Well Merited Word.

The value of baking powder consists in the fact that the proportion of alkali and acid is exact, and there is no danger of having yellow biscuits from an excess of soda, or heavy ones from an excess of acid. It is possible that many of the powders are adulterated, some with injurious substances, and others with harmless additions to increase the bulk and consequently the profits. In our own family we have excellent results from the use of the Royal Baking Powder. We have no reason to think that it contains any harmful ingredient. Those who object to the use of baking powder because of adulteration must needs be very sure of the purity of the soda, and cream of tartar they use in place of the powder.—N. Y. Christian Union.

Five Pointers.

First. That the biennial convocation of Supreme Lodge Knights of Pythias, will convene at Milwaukee July 8th to 12th, inclusive 1890.

Second. That excursion tickets will be sold from all principle points in the West and Northwest to Milwaukee and return at rate of preference.

Third. That the Wisconsin Central is the direct line from Minneapolis and St. Paul to Milwaukee, and two through trains each way, daily, and Pullman Vestibuled Sleeping Car service.

Fourth. That as the camp ground is located directly on the Wisconsin Central, passengers taking this line will have the advantage of being lodged there.

Fifth. That a circular giving detailed information will be sent free upon application to F. H. Anson, General Northwestern Passenger Agent, 19 Nicollet House Block, Minneapolis, or to the City Passenger & Ticket Agent, 162 East Third St., St. Paul, Minn., or to Louis Eckstein, Assistant General Passenger & Ticket Agent, Milwaukee, Wis.

The Mayor's Address.

Mr. President and Gentlemen of the State Fire Association:

I have accepted the honor of extending to you, on this important occasion, a cordial welcome to our city. The people of Brainerd recognize the fact that in the line of honorable public service in the past, the firemen stand at the head of all others in these particulars, that they do more for the communities in which they live, for little or no recompense; that they expose themselves to greater dangers in the performance of their duties; that they exert greater effort and endure greater hardships than any other class of men; that they hold themselves in readiness for duty a greater number of hours by day and by night, in the heat of summer and in the cold of winter, in rain, snow and sunshine; that they are necessarily exposed to greater injury to health, and to more personal discomfort, than any other class of men; that they are more exposed to greater public peril, than any others who serve the public in any capacity whatever. For such a service as this, so full of noble purpose and self sacrifice, so replete with heroic characteristics, it is but natural that those who are actuated by a belief in the value of this service should be more highly respected by the community than any other class of men. This is why the people of the City of the Pines feel honored by the presence of the members of this convention, who represent only their respective local organizations throughout this great state of Minnesota, while their services as a church in the great work represented by this convention. This is why the people of the City of the Pines feel honored by the presence of the members of this convention, who represent only their respective local organizations throughout this great state of Minnesota, while their services as a church in the great work represented by this convention.

Upon such a platform of principles all good men can meet as brothers, and each extend to the others the right hand of fellowship. I have said that the services of firemen are given in times of urgent need and great public peril, but that no service is so noble as that which is given in times of peace. The hero in war is given such grateful words of praise as the one who arrives upon the field of action in a great emergency, and who, as a church, has been the one who brings with speedy and hastening footsteps the realization of our keenest hopes and our dearest prayers for the future. Upon this idea is based the Christian religion, and in this thought is found its strength and everlasting power. I do not come before you as a church man, but as a man who tries to think and learn, and as one who is not insensible to the wonderful good brought about by the Christian religion. Before his birth poor, weak humanity was struggling, prostrate in the depths of wickedness, not just like the Prodigal son for he was in his terrible hunger and distressing environment, and went to his father, who received him gladly and prepared a great feast to celebrate his joy at his son's return. But humanity in its condition seemed less, and it looked as if all human kind would remain for time untold amidst the husks, the swine and the filth of moral depravity. In this great emergency the Christian religion was brought to the world, and a great light shone upon the nations of the earth, bringing upon its wings the truth that there is something better than selfishness, something greater than the glory of conquest, something nobler than oppression and wrong.

A little more than a year ago, when the floodgates were broken above the fatal little city of Johnstown, Pa., a famous man, known to us here as a through Pullman Sleeping Car service between St. Paul and Tacoma and Portland via Butte, west on the 4:15 p. m. train, east from Portland on the 7:40 a. m. Atlantic Mail.

Oh, Mister! in time hours of E. E. E. On this paper you should C. C. C. Please note that our harness department is complete.

Improved Passenger Service.

Under the new time schedule of "The
North-Western Line," C. St. P.
M. & O. Ry., all passenger trains of
this line make the trip between St.
Paul and Chicago in less than 14
hours.

The Pullman and Wagner Vestibule
Limited, leaving St. Paul at
7:30 p. m., makes the trip to Chicago
in 13½ hours and from Chicago
St. Paul in 13 hours and 25 minutes.
The Daylight Express leaving St.
Paul at 7:45 a. m., makes the trip to
Chicago in 13 hours and 50 min-
utes, and from Chicago to St. Paul
in 13 hours and 45 minutes.

This is the only line running all the
trains in less than 14 hours be-
tween St. Paul and Chicago, and while
this time is quick, trains do not
have to run at high rates of speed
to make their time as on other
lines, BECAUSE this line is SHORTER than
any other line.

In addition to these facts, this is the
only line by which connections
are assured in Chicago with all fast
line trains from Chicago to the
East and South in the morning and
at night.

Note—Fares by this line are always
as low as by any other.

THE FIGURE "9."

The figure 9 of our dates will make a long story
80 man or woman now living will ever state
documented without such a date. It is the
first third place in 1890, where it will remain
years and move up to second place in 1900
where it will rest for one hundred years.

There is another "9" which has also come to
it is unlike the figure 9 in our dates in the respect
that it has already moved up to first place, wher-
e it will permanently remain. It is called the "9"
High Arm Wheeler & Wilson Sewing Machine.

The "No. 9" was endorsed for first place by
experts of Europe at the Paris Exposition of 1889,
where, after a severe contest with the leading
chimes of the world, it was awarded the
Grand Prize given to family sewing machines,
others on exhibit having received lower awards
of gold medals, etc. The French Government
also recognized its superiority by the decoration
of national medals. President of the company
Mr. Nathaniel Wheeler, President of the company
with the Cross of the Legion of Honor.

The "No. 9" is not an old machine im-
posed upon, but is an entirely new machine, and
Grand Prize at Paris was awarded it as the
most advanced in sewing machine mechanism of
any age. Those who buy it can rest assured, th-
fore, of having the very best and best.
